Comments

1. The audience clapped along with Thou Knave.
2. Mr Leigh struggled to unclip the box trees.
3. There was a large school party in the circle. During the first half they were quite badly behaved with a lot of heckling, they were much quieter after the interval.
4. LX Q 128 – into Scene 17 – late, operator error.
5. There were cheers for the tap and a round on Most Wonderful.
6. It was a warm and responsive audience, there was an extra call.

Any problems are noted so that stage management can attempt to prevent it happening again.

LX refers to a lighting cue, in this case a lighting change happened later than it should have due to a mistake by one of the lighting team.

An extra call refers to the cast coming back onstage for an extra bow, this happens when the audience carry on clapping after the final exit and indicates a very successful show!
